

# WELCOME!

---

1. Welcome!
2. This is how the counter works: you can pick and grab everything, and just pay at the end of the line!  
Use one of the trays next to the door to transport everything.
3. Please pick your cold drink from the fridges on your left hand
4. In the middle, we also have cookies, fruit and crisps for kids
5. Before you get to the desk at the end, make sure you have made your choice of lunch, you'll find the menu on the next page
6. For warm drinks, please tell my colleague at the counter
7. To make sure you can wait at your table for your lunch, you will receive a buzzer, this will make a noise when your lunch is ready.  
Time to pick it up at the counter! Enjoy!
